Product ID: ISWB2 - Instanta WB2 Supreme Steam & Water Boiler

Instanta WB2 Supreme Steam & Water Boiler

Large volumes of boiling water and steam injection combine to make the WB-2 Supreme a must for the busiest caterer looking for a varied beverage menu. With all the style of the auto fill boilers and wall mounted boilers, steam adds a further dimension by providing the power to heat milk, beverages, soups, sauces and anything else with a liquid base in super fast time. Advanced electronic controls. Large high pressure non-drip taps. Insulated for economy and user safety. Low voltage switching on all controls. Unique Instanta service codes provide advance warning of lime scale and can help in the diagnosis of any service problems. Powerful 14psi working pressure. Spill tray included. Vacuum relief and safety valves. Food quality hose for plumbing and electrical flex with 13 amp plug included. No overflow required.

Advanced electronic controls Approved under Water Bye-laws scheme Compact, reliable and long lasting Large high pressure non-drip taps Spill tray included Easy installation and maintenance Insulated for economy and safety Low voltage switching on all controls Powerful 14psi working pressure No overflow required Vacuum relief and safety valves 2 metre food quality hose with 3/4" BSP female connections Needs 25psi incoming water pressure (if you have insufficient pressure, a pump and a factory modification are needed) 12 months parts and labour guarantee.
